LOW ODOUR

Professional Strength Floor Polish Stripper

Commercial strength, professional, non-ammoniated floor polish stripper designed for the removal of water based floor finishes and sealers.

DIRECTIONS

Dilute between 1:2 and 1:6 with water depending on the level of polish.

Apply solution liberally using a mop and allow to soak for 10-15 minutes. To ensure slurry is kept wet, reapply as necessary. Longer soak periods will be required if using cold water, or on areas with heavy levels of polish.

Scrub floor using a scrubbing machine and heavy duty pad.

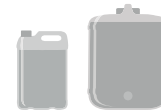

Clean up solution using a clean mop or wet & dry vacuum cleaner.

Allow floor to dry completely before sealing and consult your Kemsol representative or authorised distributor if further information is required.
