Shower Water Mark Remover

A user-safe, non-caustic and non-chlorinated shower glass surface cleaner and rejuvenator. Brings 'scaled' and calcified surfaces back to near new.

DIRECTIONS

Squirt directly onto glass or onto a white non-scratch pad. Work in a circular motion with a light to moderate pressure to evenly cover and clean surfaces. Repeat or add more HAZE OFF as required. Caution should be taken not to use excessive pressure which could cause damage to some delicate surfaces. Once surfaces lose the 'furry' feel and begin to 'squeak', cleaning is complete.

All surfaces being cleaned by HAZE OFF should be spot-tested to ensure compatibility.
