Med-high foaming general purpose biodegradable hand dishwashing detergent, suitable for a wide range of washing applications. Ideal for manual dishwashing but can also be used for hard-surface cleaning and the handwashing of vehicles and windows. Septic tank safe, when used as directed.

**DIRECTIONS**

Manual sink washing application, use at a ratio of 1:500 (0.25% soln, 25mls per 10ltrs) in warm potable water (more or less depending on soiling levels).

Hard surface applications, use at a ratio of 5 to 30mls per 10 litres of water, depending on the level of soiling.

Window cleaning use 5mls per 10 litres of water. Spray onto windows and wipe with clean paper towel.

Vehicle washing use 20mls per 10 litres of water. Sponge onto vehicle and rinse with water.

**MPI APPROVAL**

MPI APPROVED C32 (All animal product except dairy)

Dishes and equipment may be washed immediately or left to soak to improve results. May be rinsed prior to air or clean-towel drying.

In food processing premises, after using this compound, food contact surfaces must be thoroughly rinsed with potable water before production starts.
