SPA BAC

PRODUCT INFORMATION

Sanitiser & Disinfectant

Highly efficient broad spectrum quaternary liquid cationic germicide. It has been specifically developed for the disinfecting of spa baths. Simply clean between guest use to ensure a clean and sanitary environment of all visible and non-visible spa bath surfaces. Specifically designed to eliminate buildup in pipe work, filters and plumbing which can become quickly contaminated.

DIRECTIONS

Ensure bath surfaces are clean and fill to usual operating level. Add 40-60mls to a standard 500ltr spa bath and operate circulating system for 5-10 minutes. Drain and spray and wipe surfaces mixed at 1:4 (20% soln, 200mls per litre) with potable water.

GOOD PRACTICE

Under Good Practice Protocol diluted solution of this product as stated provides general biostatis using internationally recognised antibacterial agents with a recommended minimum contact time of 10 minutes. At 1% concentration this product provides 800PPM QAC.
