

TwinTec A Range of Two

The TwinTec mains cable range has masterful performance moving under its own brush power with amazing speed and purpose. Available with 45 or 55cm scrub width.

When selecting a scrubber dryer machine, the area that needs to be cleaned and the time available to clean it will determine the preferred size of the brush system.

Care must be taken, however, to ensure that bigger is better but not too big, taking into account the obstructions that must be navigated during the daily cleaning cycle.

- **TwinFlo Vacuum Motor**
Provides exceptional wet pick-up.
- **Structofoam Tilting Brush Deck**
Making brush changes quick and simple.
- **Planetary Gearbox**
Longlife, oil filled, low load gearbox.
