Our new cloud-based management platform for cleaning equipment which allows for monitoring and management of equipment remotely.

### i-dose cleaning efficiency

Save time and stop wastage by using the i-dose chemical system.

### Extreme cleaning power

With 350 rpm brushes and 22kg of scrubbing pressure the i-mop XL has 96% more cleaning power than a 50cm walk behind floor scrubber.

### Easy transport

It comes with wheels for transport, folds up for storage and is compact enough to store in a cupboard anywhere.

### Battery operated

Hassle-free cordless operation. Run 24/7 with a 2nd set of batteries.

## Why i-mop XXL Pro?

- > Extremely manoeuvrable and user-friendly scrubber dryer
- > Dirt removal rating of 97% compared to traditional mopping methods of only 30-40%
- > Up to 6 times faster than mopping
- > No more tide marks; i-mop xxl cleans right to the edges
- > No trip hazards – runs on portable lithium batteries
- > Light enough to conveniently transport upstairs and between sites
